Insulated Glove Sizing Chart

Measure the width of the hand with a soft cloth tape measure as shown below. If the measurement is exactly eight inches (203 millimeters), then you would select a size eight glove. To avoid hand fatigue, order the next larger size for all measurements that are not exact inch/millimeter measurements.

8-9 inches	203-229mm	Size 8
9-10 inches	229-254mm	Size 9
10-11 inches	254-279mm	Size 10
11+ inches	279+ mm	Size 11
