- **Powerful Illumination:** Equipped with the latest COB LED technology, providing up to 400 lumens for superior brightness across your entire workspace.
- **Hands-Free Operation:** Features a touchless sensor mode, allowing users to switch the light on/off with a simple hand wave - perfect for when wearing gloves.
- **Customisable Light Output:** A stepless dimmer function enables light adjustment from 10% to 100%, ensuring the right illumination for any task.

- **Durable & Comfortable Design:** Dust and waterproof (IP65), lightweight (100g), and designed with a slim, woven headband for all-day comfort.
