THE MOST ERGONOMIC WHEEL TROLLEY TO WORK WITH **NOW AT AN UNBELIEVABLE PRICE**

With the help of springs, this elevated platform automatically raises and lowers its height in relation to the load - saving yourself from heavy lifting and relieving your knees and back.

Intended to fit up to four wheels, the Easy Lift Wheel Trolley may be used for the mounting and dismounting of wheels on vehicles, at tyre racks and as an ergonomically correct transfer to and from the tyre change machine.

KEY FEATURES:

- Adjusts height in relation to the load
- Designed for 4 wheels and may be used for, amongst others, the mounting/dismounting of wheels
- Supplied with wheel brakes on 2 casters
- Improves ergonomics when handling tyres
- Stackable up to 4 pieces, whereby the 2 lower ones fold together

Workshop Solutions.

THANK YOU TO OUR WORKSHOP SOLUTIONS PARTNERS

Support the suppliers who support us - **and you.**

We're proud to partner with a group of leading Workshop Solutions suppliers who have supported us throughout the year — and stood by our industry during the EVOLVE Auto Festival.

Their contributions — from technical expertise to equipment, prizes, and their time — have helped create a powerful and engaging experience for workshops right across Australia.

We encourage you to continue backing these brands. They're committed to supporting your business and helping you thrive in a rapidly evolving industry.
