ELECTRICAL DISCONNECT PLIERS

8221 80 244

\$110.00

EACH • EX GST

- **Multi-angle access:** Easily removes electrical connectors found on mass air flow sensors, fuel injectors, ignition coils and other applications.
- **Hooked End:** Point and tab squeeze together for simple removal of push tab electrical connectors.
- **Prevents Damage:** Easily separates connector from sensor without causing damage.
- **Non-Slip Handle:** For comfort and control.
- **Extended Handle:** 260mm overall length for increased access in space limited applications.
